

## Evaluation and Facilitation

Rita Sinorita Fierro , Alissa Schwartz , Dawn Hanson Smart, Editors

Join the conversation between evaluation and facilitation. This issue explores the interplay between the two and how one practice can inform the other. The authors represent both the evaluation and facilitation fields, describing underlying concepts that inform their practices, the competencies they seek to develop, the choices they make about facilitation in the work they do, and how they gauge success. This issue brings together topics meant to stimulate the curiosity of evaluators and facilitators and encourage reflection on their work and the skills needed to carry it out.

This is the 149th issue in the **New Directions for Evaluation** series from Jossey-Bass. It is an official publication of the American Evaluation Association.
